THIS IS UNEVALUATED INFORMATION

1. The Donit Packing Factory in Medvode is located on the Sava River next to the railroad bridge. It is built on the site of a former paper mill, where a hydroelectric plant is now also under construction. The plant manufactures gasket sheets in the form of plates, automobile gaskets for the TAM factory in Maribor, and various other packing sheets, by order. The director of the factory is a certain Don, a Communist who reportedly employs only those whom he knows to be sympathetic to the regime. The factory acquires its raw materials domestically, except for raw rubber. The plant operates on a single shift and obtains its power from the Medvode city electric power station.
2. The Jerma coal mine near Caribrod, close to the Bulgarian border, ceased operations because of the Bulgarians' refusal to supply further electric current to the mine. The workers and officials of the mine have been removed to the interior of the country.
